RESERVE

RECYCLED GLASS SLECTION

Maison's Reserve Recycled Glass spans five distinctive collections featuring stunning shapes and intricate patterns: Basics, Personal Sanctuary, Restoration Effect & Style Tile. This selection of detailed mosaic designs crafted from full-body color recycled glass and our proprietary Effect Recycled Glass, offering both sustainability and elevated style.

Pioneering proprietary textures and finishes, Maison's Reserve Recycled Glass Selection offers versatile formats designed to suit any installation — from boutique baths to breathtaking pools. Blending innovation with timeless appeal, delivering surfaces that are as functional as they are visually striking.

THE EFFECT PROCESS:

Style Tile & Basics are crafted by using a unique sublimation process of high temperatures & pressure to transfer the pattern onto the Recycled Glass tile. With Maison's proprietary process each tile can be used in high traffic floors and also be submerged in swimming pools without compromising the integrity of the design -including fading and the deterioration of details. This process was created to ensure you get to enjoy your tiles for a lifetime.
